

To the Metropolitan Council:

We support our neighbor Lij Shaw in his application to have his home rezoned into a Specific Plan District so that Lij may legally operate his home recording studio at 2407 Brasher Avenue. We live very close to Lij and have never noticed any offensive traffic, noise, or other effects coming from his house, even though we understand he has operated his business there in the past.

Lij is a good neighbor and we oppose any action by the Metropolitan Government to prevent him from using his home to run his small business.

Signed,
