

To the Metropolitan Council:

We support our neighbor Pat Raynor in her application to have her home rezoned into a Specific Plan District so that Pat may legally operate her home hair salon at 3233 Knobview Drive. We live very close to Pat and have never noticed any offensive traffic, noise, or other effects coming from her house, even though we understand she has operated her business there in the past.

Pat is a good neighbor and we oppose any action by the Metropolitan Government to prevent her from using her home to run her small business.
