The Truck driver and owners to move the Truck and not deliver the goods. He verbally assaulted both owners and driver with profanity and words of discrimination. Clemene Bashien felt scared for her life by his aggressive demeanor when he got out of his vehicle and walk towards her and scream profanity. She told him that she had the right to have her new inventory to be delivered to her and she has all her permits and licenses to do so. Henry Nicholson told Clemene he has a food business to and for her to "Go Back to Your Country." He continued to degrade her with his words and intimidation. Fortunately a ACPD happened to pass by and witnessed part of the incident first hand. The police officer took his statement which had false claims that the business had no permit or license. They figured out that Henry Nicholson had no authority to take actions or cutting the Septic Tank off. He racially profiled this business of Paksley with intimidation and false impersonation. There is video and photo evidence of the encounter, harassment and the cutting of the Septic Tank. He went on to tell the Officer that he knows Sheriff Todd Wessells and had recently "Contacted him," as self assurance that he could get away with the incident. Due to both events of June 16 and 17th there was a total estimation of \$1,300 of meat products and other prepared foods that was wasted. Due to the water being cut off and Franticness of trying to resolve the problem and find a solution all on my own the food got spoiled from the heat.
